Dear Sheriff Candidate,

Impaired driving remains one of the leading causes of preventable deaths in Fremont County. As a candidate for Sheriff, your leadership will play an important role in continuing efforts to improve public safety and reduce impaired driving throughout our community.

The Fremont County DUI Task Force appreciates your willingness to serve and invites your perspective on two important initiatives that are helping make Fremont County a statewide leader in impaired driving prevention and enforcement.

The Fremont County DUI Task Force is a multidisciplinary coalition dedicated to reducing impaired driving crashes and fatalities, improving public safety, and addressing high-risk offender behavior through prevention, enforcement, treatment, policy development, and community collaboration.

Our partners include law enforcement, prosecutors, judges, treatment and prevention professionals, probation and supervision agencies, public health, transportation providers, schools, elected officials, media partners, and community stakeholders. Together, our mission is to reduce alcohol- and drug-impaired crashes and fatalities, decrease substance-related crime, and reduce the impact of substance abuse in Fremont County.

Enclosed is a brief overview of two key initiatives:

- **The 24/7 Sobriety Program**
- **The Fremont County Multi-Jurisdictional DUI Enforcement Team**

At the bottom of the enclosed information sheet, you will find a QR code linking to a brief questionnaire. We invite you to share your thoughts on these initiatives, your vision for the Sheriff's Office's role in continuing these efforts, and any additional comments you would like to provide regarding the Fremont County DUI Task Force.

Thank you for your willingness to serve the citizens of Fremont County. We appreciate your time and look forward to learning more about your vision for improving public safety.
